01 · THE STUDIO

One studio, from first line to final frame.

Structure and Sky Studios is a pre-construction visualization studio. We turn plan sets and BIM models into the marketing assets that sell, finance and approve a project before it is built: photoreal stills, 3D walkthroughs, drone and aerial capture, sales films and interactive tours.

You deal with one vendor, under one contract and one schedule. We own the narrative and the on-site work, so the story, the model and the aerial plates are made to fit each other.

How a plan becomes a launch

1 **Plans and brief.** We review your plan set, models and target audience, and confirm scope in writing.

2 **Model.** We build the 3D model from your drawings. The model is reviewed and then locked.

3 **Clay review.** Cameras and composition are approved on clay views before final rendering begins.

4 **Final production.** Final renders, animation, aerial composites or film are produced and reviewed within the revision rounds of your package.

5 **Delivery.** Final files are released on receipt of the final instalment, with the usage licence described in clause 9 of the terms.

Typical schedule
6 to 10 weeks, phased

☐ SELECTED

À la carte and custom items

DELIVERABLE	QUANTITY / SPECIFICATION	INCLUDED
[e.g. Exterior stills]	[Qty, resolution, time of day]	☐
[e.g. Walkthrough animation]	[Length, format]	☐
[e.g. Drone photo and video]	[Site visits, location]	☐
[Other: promotional film, virtual staging, 3D floor plan, interactive tour]	[Specification]	☐

Revision rounds: Essential 2, Professional 3, Enterprise unlimited within the agreed scope. A round is one consolidated set of written comments from the client.

04 · SCHEDULE

Timeline

Work begins when the signed proposal, the advance payment and the required project materials have all been received. The schedule is measured from that date.

MILESTONE	TARGET
Kick-off and brief confirmed	[Date or business days from start]
Model complete and locked	[Date or business days from start]
Clay review approved	[Date or business days from start]
Final delivery	[Date or business days from start]

Dates depend on the client returning feedback within [3] business days of each submission. Delays in feedback or materials move the schedule day for day.

05 · FEE

Quotation

DESCRIPTION	AMOUNT (USD)
[Package or itemised services]	[$0,000.00]
[Additional items, if any]	[$0,000.00]
[Tax, if applicable. Rate and registration no.]	[$0.00]
Total fee, United States dollars (USD)	**[$0,000.00]**

All amounts are in United States dollars (USD). Fees are valid for [30] days from the proposal date. Travel, permits, third-party licences and stock assets are not included unless listed above.

Payment terms

INVOICE	DUE	SHARE	AMOUNT (USD)
1 of 2	In advance, on signing and before any work begins	50%	[$0,000.00]
2 of 2	Before delivery of the final files	50%	[$0,000.00]

Final files are released only after the second invoice is paid in full. Payment methods and bank details appear on each invoice.

06 · TERMS AND CONDITIONS

Agreement between the parties

These terms form part of the proposal. When the client signs the proposal, the proposal and these terms become a binding agreement between Structure and Sky Studios ("the Studio") and the client named on the cover ("the Client").

1. SERVICES AND SCOPE

The Studio will provide only the services and deliverables described in Section 03 ("the Services"). Anything not expressly listed is outside scope. The Services are creative visualization services. They are not architectural, engineering, surveying, legal, planning or construction services, and the Studio does not certify or verify any design.

2. CLIENT MATERIALS AND RESPONSIBILITY

The Client will supply complete, accurate and current plans, models, specifications, finishes and references on time. The Studio relies on these materials as given and is not responsible for errors, omissions or conflicts in them. The Client confirms that it owns, or has permission to use, everything it supplies, including any third-party names, logos, marks, artwork, likenesses and property, and that its use for the Services does not infringe any right of any person.

3. ARTISTIC REPRESENTATION, NOT A STATEMENT OF FACT

Renders, animations, films and interactive tours are artistic interpretations of a design that may not yet exist. They are illustrative only. They are not construction documents, are not a warranty or promise of how the finished project will look, perform or be dimensioned, and must not be used for construction or to settle any dispute over design. The Client is solely responsible for the content of its advertising and marketing, for including any disclaimers or disclosures that applicable law or regulation requires (including real estate, advertising and consumer-protection rules), and for the accuracy of what it says to buyers, tenants, lenders and authorities.

4. REVISIONS AND APPROVALS

The number of revision rounds is stated in Section 03. A round is one consolidated set of written comments. Approval of the model, the clay views or any other stage is final for that stage. After model lock, changes to design, layout, materials, camera positions or story are change orders under clause 5, even if the work is already underway.

5. CHANGE ORDERS

Any request outside the agreed scope, or beyond the included revision rounds, will be quoted in writing before work begins. Unless a fixed price is agreed, additional design work is billed at $110 to $150 per hour, as stated in the change order. Work on a change order starts only after the Client approves it in writing, and it may move the schedule.

6. SCHEDULE AND DELAY

Dates are good-faith targets and are not guaranteed. They depend on timely receipt of materials, feedback, approvals and payment. Delay by the Client, or by events outside the Studio's reasonable control, extends the schedule accordingly. The Studio is not liable for loss caused by delay, and time is not of the essence.

7. FEES AND PAYMENT

All fees are in United States dollars (USD) and exclude taxes, which the Client pays where they apply. Fifty percent (50%) is due in advance on signing, before work begins. The remaining fifty percent (50%) is due before delivery of the final files. The Studio may pause work while any invoice is unpaid. Overdue amounts bear interest at [1.5% per month] or the highest rate the law allows, whichever is lower, and the Client pays reasonable costs of collection, including legal fees. The Client may not withhold or set off payment because of a dispute about other matters.

8. DEPOSIT, CANCELLATION AND REFUNDS

The advance payment secures the Studio's schedule and is non-refundable once work has begun. If the Client cancels or suspends the project, the Client pays for all work performed and costs committed up to that date, and for any stage that has begun, up to the full fee. Unused prepaid credits expire 90 days after issue, roll over once, and have no cash value.

9. OWNERSHIP AND LICENCE

On receipt of full payment, the Studio grants the Client a non-exclusive, non-transferable licence to use the final deliverables to market and promote the named project only. Resale, sub-licensing, use for any other project, and use in third-party advertising networks or stock libraries are not permitted and are priced separately. The Studio keeps ownership of all intellectual property in its working files, 3D models, scenes, materials, assets, tools, techniques and unused concepts, and none of it passes to the Client unless a separate written agreement says so. Until full payment is received, the Client has no licence to use any deliverable, draft or preview.

10. PORTFOLIO AND CREDIT

The Studio may display the deliverables, and non-confidential behind-the-scenes material, in its portfolio, website, awards entries and marketing, and may identify the project by a descriptive title. The Client may ask in writing, before delivery, that the Client's name or the project address be withheld.

11. THIRD-PARTY MARKS AND LIKENESSES

Where the Client asks the Studio to include brand names, logos, signage, artwork, furniture, vehicles or people's likenesses, the Client confirms it holds the necessary rights. The Studio may refuse any request it reasonably believes is unlawful, misleading or infringing.

12. AERIAL AND ON-SITE CAPTURE

Where the Services include drone or on-site work, the Client will provide lawful access to the site and any permissions it controls. The Studio will operate in line with applicable aviation rules, and the pilot in command alone decides whether a flight is safe and lawful. Weather, airspace restrictions, site conditions or safety concerns may require delay or cancellation. Any re-shoot caused by these is rescheduled, with additional travel or crew time charged to the Client where it was caused by site access or Client-side restrictions. The Studio is not liable for resulting delay.

13. CONFIDENTIALITY

Each party will keep the other's non-public information confidential, use it only for this project, and protect it with reasonable care. This does not apply to information that is public, was already known, is independently developed, or must be disclosed by law. The duty continues for [three (3)] years after the project ends.

14. DISCLAIMER OF WARRANTIES

Except as expressly stated in this agreement, the Services and deliverables are provided "as is". To the fullest extent permitted by law, the Studio disclaims all other warranties, whether express, implied or statutory, including merchantability, fitness for a particular purpose, and that the deliverables will achieve any sales, financing, leasing or approval outcome.

15. LIMITATION OF LIABILITY

To the fullest extent permitted by law, the Studio is not liable for any indirect, incidental, special, consequential, exemplary or punitive damages, or for lost profits, lost sales, lost financing, lost approvals, loss of goodwill or loss of data, however caused and under any theory, even if advised of the possibility. The Studio's total liability arising out of or connected with this agreement will not exceed the fees actually paid by the Client for the specific deliverable giving rise to the claim. These limits apply to the maximum extent the law allows and survive the end of the agreement.

16. INDEMNITY

The Client will defend, indemnify and hold harmless the Studio, its owners, contractors and personnel from claims, damages, losses and expenses (including reasonable legal fees) arising from the Client's materials, the Client's use of the deliverables, the Client's marketing statements, or the Client's breach of this agreement.

17. FORCE MAJEURE

Neither party is liable for failure or delay (other than a failure to pay money owed) caused by events beyond its reasonable control, including natural disaster, severe weather, fire, epidemic, war, labour dispute, utility or network failure, government action, or loss of supplier or platform services.

18. TERMINATION FOR CAUSE

Either party may end this agreement by written notice if the other materially breaches it and does not fix the breach within ten (10) business days of written notice. The Studio may end it at once if payment is overdue by more than [ten (10)] days. Fees for work done and costs committed remain payable. Clauses that by nature should survive (including ownership, payment, confidentiality, warranties, liability, indemnity and governing law) survive.

19. GOVERNING LAW AND DISPUTES

This agreement is governed by the laws of [State / Province, Country], without regard to conflict-of-law rules. The parties will first try to resolve a dispute through good-faith negotiation for thirty (30) days. Any dispute not resolved will be decided by [binding arbitration / the courts] seated in [City, State / Province]. The prevailing party recovers reasonable legal fees and costs. Each party agrees to bring claims only in its individual capacity and not as part of any class or collective proceeding, where the law permits.

20. GENERAL

This proposal and terms are the entire agreement and replace all earlier discussions. Changes must be in writing and signed by both parties. If a provision is unenforceable, it is limited to the extent needed and the rest remains in effect. Neither party may assign this agreement without the other's written consent, except that the Studio may use subcontractors. The Studio is an independent contractor. Electronic signatures and counterparts are valid. Notices must be in writing to the addresses on the proposal and invoices. The Client confirms it has read and understood these terms and had the chance to take independent legal advice.

07 · ACCEPTANCE

Approve and begin.

By signing, the Client accepts this proposal, the scope in Section 03, the fee and payment terms in Sections 04 and 05, and the terms and conditions in Section 06. Work begins once the signed proposal and the first invoice (50%, due in advance) have been received.
